

SOLVING PROBLEMS DIFFERENTLY: ADDING INTELLIGENCE TO EQUIPMENT.

2010

DERAGGER™ prototype invented combining a logic processor and power monitor.

First DERAGGER™ installation.

2011

2013

First US installation (Los Angeles, CA).

DERAGGER PRO™ revolutionizes equipment control.

2015

2016

DERAGGER™ LITE provides easy deragging.

DERAGGER™+ adds more problem solving applications.

2017

POWERMONITOR™

Combining motor protection and datalogging in an easy to install, compact device.

PRO COMPATIBLE ✓

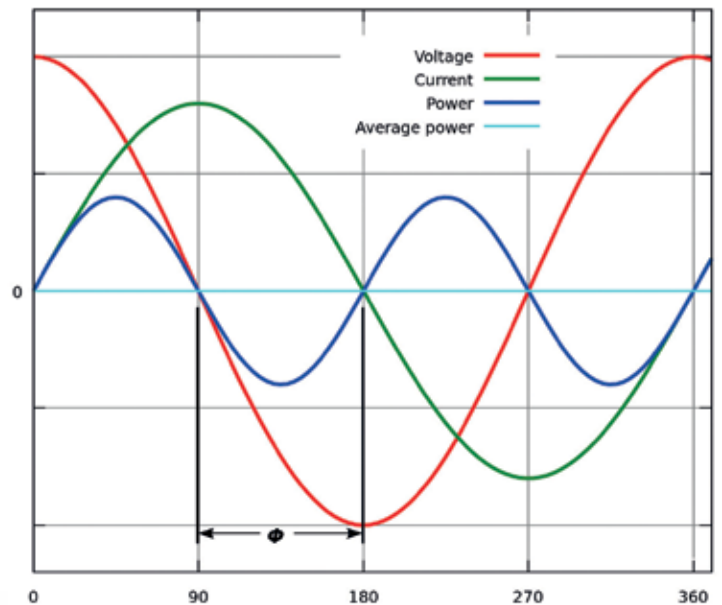

DATA LOGGING KEYPAD

- Records high resolution power data.
- 20 years data storage on-board.

ADVANCED MOTOR PROTECTION

- Current & Voltage, Over /Under Protection.
- Phase loss protection.
- Able to react in nano-seconds.

EASY MONITORING

- Remote SCADA feedback.
- 40+ parameters monitored.

"The POWER MONITOR™ paid for itself the very first time we ever needed it to protect the influent screen."

B. Lewis, Billings, MT

DERAGGER™ LITE

The smart way to end ragging problems.

DON'T RUN PARTIALLY RAGGED:

- Off-balance / vibration destroys seals.
- Decreases flow, increases runtime.
- Higher power bills.

EARLY DETECTION PREVENTS CLOGS:

- No more lift and clean.
- Reduced overtime and man-hours.
- Safer for employees.

MOTOR PROTECTION

ANTI-RAGGING

THE SMART CHOICE:

- No need for grinders / choppers.
- Compatible with most centrifugal pumps, and all starter types.
- Includes *Real Time Pump Protection™*.

First rags catch on impeller

DERAGGER™ initiates customizable clean cycle

Pump always runs unobstructed

DERAGGER PRO™

CONTROL SYSTEMS SIMPLIFIED

DERAGGER PRO™

DERAGGER™+

SEWAGE PUMPS

POWER MONITOR™

BLOWERS

POWER MONITOR™

CLEAN WATER PUMPS

DERAGGER™+

MIXERS / AERATORS

The DERAGGER PRO™ is the future of control systems. Its intelligent touchscreen provides a simple way to control equipment with no special training.

Pump Analysis Screen

SIMPLIFIED DATA TRENDS

Provides trending data to show how equipment is performing.

EASY TO PROGRAM

Takes minutes to configure rather than hours or days, using the intuitive interface via swipe touch screen similar to smart phone.

Tank Settings Screen

SIMPLIFYING CONTROL

- No PLC or integrator required.
- Single PRO controls up to 16 devices.
- Smartphone interface available.

"After trying both a self-reversing pump system and the DERAGGER PRO™ controller, I prefer the PRO for its functionality, flexibility and great color touchscreen – and it costs a fraction of the competition!"

John Bebow,
Union Township

READ OUR CASE STUDIES:

Design by ideas.co.uk

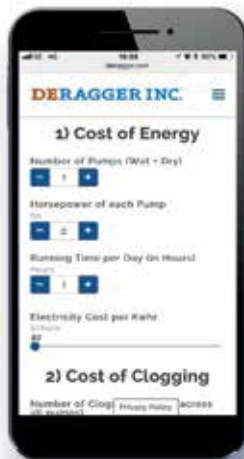

"Using the DERAGGER™ we are saving over \$1,200 per month, plus we can utilize staff for other activities instead of the constant pump cleaning."

Kishen Prathivadi, P.E, PMP, Sewer Authority Mid-Coastside
